2. Letter No. 22, dated the 4th July 1924, from the Executive Engineer, Water Supply Division, forwarding for countersignature and providing funds an estimate for Rs. 168 for giving a tap near Manoranjan Mohal for the use of the villagers nearby.

Resolution.—The tap being in Municipal limits, the District Board are of the opinion that they cannot bear the cost.

3. Correspondence relating to the continuance or otherwise of the Rest House in Mandya in charge of the Taluk Board in consideration of its present dilapidated condition.

Resolution.—Deferred.

Ordinary Subjects.

1. Proceedings of the last meeting of the District Board.

Resolution.—Recorded.

2. Letter No. H. C. 27—24-25, dated the 24—28th November 1924, from the Deputy Commissioner, Mysore District, forwarding for the disposal of the District Board, the undermentioned local subjects classified as such at the District Preliminary Meeting held on 16th August 1924.

Movers:—

(1) Messrs. Venkatappa alias Chikkanna and Seetharamaiya, Malvalli.

A ward may be attached to the Malvalli Dispensary for the convenience of the sick.

(2) M. G. Mallanna, Nagavala, Mysore.

The Yelwal toll-gate on the Mysore-Mercara road may be abolished.

Resolution—(1) The provision of an in-patients' ward with at least two beds is necessary.

(2) The Board is of opinion that the toll-gate being neither a frontier one nor one for a special purpose such as bridge, should be abolished.

3. Letter No. H. C. 27—24-25, dated the 28th November 1924, from the Deputy Commissioner, Mysore District, forwarding for the opinion of the District Board a list of local subjects classified as such at the District Preliminary Meeting held on 16th August 1924.

Messrs. H. N. Raghavendra Rao, Hunsur Rural, H. V. Hanumantha Setty and H. R. T. Rajagopala Mudaliar.

1. That Sri Lakshminarasimhaswami Temple on the bank of Lakshmana Thirtha river at Hunsur which has been very badly damaged by the recent unusual floods and is about to come down may be ordered to be suitably repaired or re-built on a place beyond the reach of the floods out of its funds available for expenditure.

Resolution.—The Board recommend that the work may be expedited.

2. That an anicut may be built across the stream traversing through Lingapura Forest in Periyapatna hobli and the tanks of Ayarbeedu, Gundapatna, Kirangur, Narayanapura, etc., be fed with the water thus stored. The estimate may not be prohibitive while the facilities consequent thereon will be great.

Resolution.—The proposal may be referred to the Executive Engineer, Mysore Division.

3. That the Sannanahalli-Maddur kaval lands may be thrown out for cultivation. By doing so, Government will realise about Rs. 10,000 as sale proceeds and Rs. 1,000 as annual assessment. Its existence is a source of trouble to the surrounding villages. These lands have been set apart partly for being granted for "Pony Breeding" and partly for "Military Settlement" and nothing has been disposed of yet.

Resolution.—The proposal may be recommended to the Deputy Commissioner for favourable consideration.

Mr. H. N. Ragbavendra Rao, Hunsur Rural.

That a Government Girls' School be established at Hunsur as the Mission Girls' School of the place is not working satisfactorily. If this is not possible now, arrangements may be made to hold classes separately for Girls in Boys' School and a singing master appointed. As it is learnt that the Girls' School at Kattemalalavadi will be abolished, the same may be transferred to Hunsur.

Resolution.—The proposal may be referred to the Municipal Council of Hunsur and to the Education Department.

Messrs. H. R. T. Rajagopala Mudaliar and H. V. Hanumantha Setty, Hunsur Rural.

1. That the dispensary at Hunsur be placed in charge of an Assistant Surgeon, who will be better able to treat patients suffering from different kinds of diseases. A ward providing for in-patients was in existence when the dispensary had an Assistant Surgeon. This was also removed on posting a Sub-Assistant Surgeon to this hospital and now even for small operations patients have to go to Mysore.

Resolution.—The Board is of opinion that the posting of an Assistant Surgeon to Hunsur is necessary in the interests of the population.

2. The Police Station building at Hunsur collapsed long ago and a new building has not yet been provided instead.

Resolution.—The construction of a decent building for the Town Station at Hunsur is necessary.

Messrs. Ragbavendra Rao, Rajagopala Mudaliar and H. V. Hanumanta Setty.

1. A new school building be constructed for holding Primary Classes at Hunsur. Till the building be ready, the Middle School Classes be ordered to be held in the old dispensary building, which is vacant and the Primary Classes in the A.-V. School Building.

Resolution.—A new building is very necessary.

2. Hunsur may be connected with Coorg through a Railway. There is a great deal of traffic between these two and running a train is not only remunerative, but is also a source of convenience to the public.

Resolution.—The District Board does not recommend such a project for the present.

3. The Hunsur-Yedatore Road be widened sufficiently so that motor cars and other conveyances that come from opposite direction can pass conveniently.

Resolution.—The proposal may be referred to the Executive Engineer, Mysore Division.

Mr. Gurukar Nanjappa, Gundlupet Rural.

In the interest of the Education of the boys of Kaggala and Somanahalli Schools, they may be converted into Government institutions. These villages have a population of about 1,000 each with fifty boys of school-going age. The villagers have provided buildings at their cost.

Resolution.—The Board recommend the conversion of these two schools into Government institutions.

Mr. Y. Srinivasa Iyengar, Yelandur.

1. The undermentioned roads may be ordered to be repaired early.

(1) Chamrajnagar-Yelandur Road leading to Erode (British India).

(2) Road leading to Biligiri Rangan Hills.

2. Mamballi and Agara villages, the two populous villages at a distance of half a mile, may be constituted into a Municipality.

3. The road connecting Hosur-Kalvadi and Kestur villages with Santhamarahalli be repaired in the interest of traffic as during rainy season it will be impassable.

4. A Kannada Girls' School be started, one for Kinkahalli and Kattewadi villages and another for Mandanapalya. There are more than fifty girls who would attend and the villagers are prepared to construct a building at their cost on the site to be selected by Government.

(5) Lands of Kankanahalli and Kathilwadi villages that have recently become wet be supplied with water from Agara tank through a pipe as the water let in the channel often runs to waste.

(6) A Mojmindar be appointed for the Jahgir to settle petty disputes among the villagers regarding measurement, etc. There was one some time back and he was removed.

(7) Tank Panchayets be constituted for the following Major tanks:—

(1) Yelandur, (2) Yariyur, (3) Maddur, (4) Agara, (5) Kestur, (6) Amble, (7) Gumballi, (8) Yargamhalli, (9) Sundahalli, (10) Komarapura.

(8) Vaidyasalas may be started one at Yelandur and the other at Agara for the convenience of the Jahgir people.

(9) Sand and silt be removed from the feeder channel of Yelandur Tank so that the lands may be fed properly.

(10) The feeder channel to Yariyur tank may be repaired and cleared of sand and silt so that the tank may get good supply of water.

The sluices of the tank may also be repaired.

Resolution.—The Yelandur Jahagir subjects may be submitted to the Government for disposal as the Jahagir is not now included in the area under the control of the Mysore District Board.

Messrs. B. Siddalinga Setty, B. Chennappa, Yedatore Taluk, Mr. G. Mallanna, Mysore Taluk.

1. Liberal compensation and lands in exchange be granted to those whose lands will be submerged if the Krishnarajasagara dam is raised to 120 feet.

Resolution.—It is understood that this is the policy of the Government.

2. As the lands available for such grants do not seem sufficient the high level channel work may be taken up early and the lands that become wet thereunder granted in exchange.

Resolution.—It is not practicable to delay compensation until the high level channel work is finished.

3. Sites for construction of houses also be granted early to those who lose their houses together with compensation.

Resolution.—This is being done.

Mr. Chikke Gowda, Malvalli.

1. The bed of Sulekere tank, Malvalli Taluk is being silted up and the capacity of the tank is thereby diminished. As at the same time more lands are brought under wet cultivation, the tank cannot hold sufficient water to cultivate all the lands. The weir and the bund of the tank may be raised by three feet.

2. The following tanks belonging to the same series may also be improved:—Dodd Arasinakere, Chikka Arasinakere and Doddakere.

Resolution.—These two subjects may be referred to the Executive Engineer, Mysore Division.

Mr. Venkatappa alias Chikkanna, Malvalli.

1. A bridge may be constructed across Shimsha river in Bangalore-Mysore road via Malvalli, as much inconvenience is being felt by the travellers and merchants during floods.

Resolution.—A rough estimate of cost may be obtained from the Executive Engineer, Mysore Division.

2. The scale of pay of the teachers of bifurcated Primary School at Malvalli be revised and the number of teachers raised to four as the strength of the school is increasing.

Resolution.—The proposal is one for the consideration of the Education Department.

Mr. Seetharamiah, Malvalli.

1. Town Police may be given to Malvalli which has a population of about 8,000.

Resolution.—The provision of a special staff for town duty at Malvalli is necessary.

2. The repairs to Marehalli Lakshminarasimhaswamy temple may be completed early.

Resolution.—The subject may be referred to the Muzrai Department for action.

3. The waste weir of Marehalli tank which is now lowered may be raised to its old height so that the tank may hold sufficient water to irrigate all the wet lands under the tank.

Resolution.—It is understood that an estimate for improvement of the tank has just been sanctioned.

4. The Middle school building at Malvalli may be extended so as to accommodate all the classes of the school.

Resolution.—The subject may be referred to the Municipal Council of Malvalli.

5. It has been found impossible to arrange for the daily puja in the Marehalli Lakshminarasimhaswamy temple with the present tasdik grants. It is requested that lands belonging to the temple may be sold and the interest realised on the amount added on to the tasdik.

Resolution.—This is a matter for consideration by the Dharmadarsis of the temple.

5. The Chamaraja Right Bank Channel work may be completed early as on account of its non-completion many irrigable lands are lying waste thereby causing loss to Government and the raiyats.

Resolution.—The matter is not urgent.

7. Free grazing may be permitted in the forests attached to the bungalow at Yelwal.

Resolution.—This is a matter for disposal by the Revenue authorities.

Mr. Y. Srinivasa Iyengar, Yelandur.

The Government have excavated a channel from Suvarnavati river near Kudalur for irrigating lands without taking into consideration that their doing so would interfere with proper supply of water to the Jahagir lands below. When on a previous occasion the Jahagirdar of Yelandur proposed the construction of an anicut to improve water facilities for his lands, he was not allowed to do so. It is therefore requested that necessary arrangements be made so that supply of water to Jahagir lands may not be interfered with.

Resolution.—This is a matter of respective private rights, on which the District Board do not feel competent to give an opinion.

Mr. Puttanna, Chamrajnagar.

Kagalvadi village in the Chamrajnagar Taluk may be connected with Santhamarahalli by a road so that people of a large number of villages may attend shandy at the latter place conveniently.

Resolution.—The question may be referred to the Taluk Board of Chamrajnagar for opinion.

Messrs. B. S. Venkataragappa Setty and Sanganabasappa, Chamrajnagar Taluk.

Hongalvadi channel not only irrigates a large extent of land under it, but also feeds Ramasamudra tank. While supply to these lands themselves was not adequate, the Palace Department have arranged to irrigate Karadihallada Bailu lands belonging to them with the water of the channel. It is therefore requested that the new sluices inserted by that Department be arranged to be removed.

Resolution.—This matter may be referred to the Executive Engineer for necessary action.

Mr. V. Bandiah, Nanjangud.

Arrangements may be made to instal Sreekanteswara Swamy temple with electric lights.

Resolution.—The proposal is a desirable one.
